Wall Street Doubles 1928 Record

NEW YORK (UPI) — Stocks closed 1958 on a burst of activity and strength with tickers late and brokers cheering their best year in the 166-year history of the market.

The general average of 65 stocks in the three Dow Jones averages closed at a record high. So did industrial shares which were nearly double the 300 level at which they closed historic 1928. Utilities hit their best level since 1930 and rails were around their best level in two years.

Net gains, though under the highs of the day, ranged to 4 points. Strength was particularly notable in the oil, utility and special issue groups. Railroads produced several strong spots. So did the aircrafts and chemicals. Even the motors were in an uptick on hopes for a big year in 1959.

Warner Lambert stood out in a strong drug section.

Chairman Edward C. Werle of the stock exchange rang the bell that closed out 1958. He cheered for the big year and noted that there might be new machinery for the exchange in 1959 to expedite trading.

But the exchange personnel will not be replaced by machines, he said.

"There would be no fun in wishing a flock of univacs a happy new year," Werle concluded.

And the brokers cheered loudly, threw bits of paper in the air and left the floor for 1958.

Potent Finish

TORONTO (CP)—The stock market closed out 1958 with its third straight daily advance, amid the fastest trading in almost two months.

Industrials and golds each reached 1958 peaks during the session then faded slightly before some late profit-taking. Industrials touched a high of 515.43 then slid back to close at 515.02, ahead one half on the day.

Golds touched 92.47 at 2 p.m. then slipped a few decimal points, closing at 92.43, up one-half. Base metals and western oils each gained one point on index.

The final volume was 4,681,000 shares, compared with Tuesday's 4,463,000. Five speculatives again passed the 100,000-share. Two gained, two lost and one issue was unchanged. Gold Eagle was the most active, trading 262,200 shares, off 3 cents at 39 cents.

Among industrials refining oils, banks, pipelines and liquors scored the best wins. Foods and motors were mixed. Great West Saddlery had the best gain, up 3½ at 45.

Western oils rallied at the close. Canadian Husky was up ⅝ at 13¼ and Bailey Selburn added 25 cents at $9.50 to lead.

London Stock Prices

LONDON (CP) — Stock market prices continued to advance in a broad front. Some big early gains were clipped by profit taking but prices were still above previous closes in most cases.

Gilt-edged continued higher. German and Japanese bonds were firm in the foreign market. Dollar issues rose on Wall Street's newest rise to record highs.

Steels were in demand again in an active industrial list. Oils reacted near the close from early gains. Coppers were lower and most South African golds were irregular.

Grain Prices

WINNIPEG (CP) — Trade Wednesday on the Winnipeg involved mostly evening operations and closing out of December contracts.

Flax showed some activity with covering orders appearing in December contracts. There was quite a sharp advance in this month during the session. Some shipping and export demand appeared for flax and prices were fairly steady although thtey showed considerable irregularity.
